

Mission Statement

Harrisburg Area Lyme Disease Support Group is a non-profit organization providing Lyme and Tick borne disease (TBD) prevention education and resource support to individuals, families, groups and communities. We are committed to helping others and making a difference by providing:

- Monthly support group meetings. Anyone interested in Lyme and TBDs can participate and receive up-to-date information.
- Referral network of Lyme literate Healthcare Practitioners
- Financial aid for qualifying individuals and families afflicted by Lyme disease
- Partnership with other Lyme organizations to further common goals
- Community outreach through exhibiting and speaking engagements
- Funding for Lyme & related TBD research projects
- Legislative support for Lyme rights
- Healthcare Advocacy
